Overview of MDR Consulting

A consultancy practice with in-depth performance improvement experience in Ireland and internationally. Our business proposition is straightforward:

- **Set up to provide top class consultancy services at competitive fee structures (having led PA's Irish manufacturing practice);**
- **Focus on core services of performance improvement in operations and logistics, mainly in food and drink, and apply our industry expertise in sector studies and feasibility assessments;**
- **Our style of operating is hands-on - personally working on projects, building relationships and delivering value to clients;**
- **Our reputation is built on the delivery of sustainable benefits.**
